

Municipal Building Departments on Cape Cod

Information on Permits and Inspections by town.

In light of current events, there are many municipalities closing buildings to the public and adjusting services they provide. Below is a list of how each Building Department is currently operating to issue permits and scheduling inspections. Please know, this information was of a few hours ago and is subject to change. For your convenience, we have included the phone number and website for each Building Department - be sure to call them for the latest information. HB&RACC is closely monitoring the situation and will communicate updates as we receive them. We may need your help if municipalities discontinue these critical services to the Industry.
